

PTO GENERATOR

Use your tractor to provide the power you need, when you need it! Eliminate the extra costs of owning and maintaining a separate engine for your generator. PECO's PTO Generator is powered by your tractor's 540rpm PTO. Practically maintenance free and provides clean, low distortion power. Automatic voltage regulation is standard on the 10kw and 16kw models. Whenever and wherever you need power, hook up your tractor and plug in!

Features

- 100% Copper Windings
- High Power Quality, Low Distortion (THD)
- Automatic Voltage Regulation Standard on 10kw & 16kw Models (Clean Power)
- Lifetime Pre-Sealed Maintenance Free Bearings
